EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. M. B. Quatt on August 30, 2005. The amendments were made to clarify the language describing the apparatus of the claims.

In claims 43 and 53, line 7, before "floor", -- size-- has been inserted and after "chamber", --of said stack-- has been inserted.

The following is an examiner's statement of reasons for allowance: The prior art does not show a vertical stack of plural vacuum chambers that occupy the same size floor space as a single vacuum chamber for the stack and conveyors that feed articles to and from selected vacuum chambers of the stack.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR.
